
Crew Priority Registration FAQ

- If you raise \$500+ for a 2024 3-Day®, we will let you register for a 2025 3-Day and select your crew team two days before crew registration opens to the public.
- If you raise \$250-\$499 for a 2024 3-Day, we will give you a one-day head start.
- There is a \$100 fundraising requirement to crew for the 2024 3-Day. If you raise \$100-\$249 you can register for your 2025 crew position on the third day, when we open registration to the public.
- We will announce exact registration dates and times later this year.

Your 2024 fundraising total as of the first day of the 3-Day you are crewing sets your registration priority for the 2025 3-Day in the **same city**. (For example, raising \$500 for the 2024 San Diego 3-Day gets you early registration for the 2025 San Diego 3-Day Crew, raising \$500 for the 2024 Denver 3-Day gets you early registration for the 2025 Denver 3-Day Crew, etc.)

With crew teams filling up quickly, getting a two-day jump could get you that crew team assignment you've had your eye on for next year!

If I raise \$200 for one 3-Day and \$300 for another 3-Day can I combine my totals and register early for 2025 crew in the city of my choice?

No. All funds must be in one fundraising account to be eligible to register early.

Is there a deadline to qualify for early crew registration?

Yes, you must have at least \$500 in your fundraising account by the first day of your 2024 3-Day.

When exactly will crew registration open?

We will announce exact dates and times later this year.

If I qualify to register early, will I be able to register online like I have done in the past?

Yes. All crew members who qualify for early registration for 2025 will receive an email with a special link to register.

What if I can't get through when I call to register?

The quickest way to register will be online. We will have limited staff available and ready to accept phone calls when registration opens. If you are unable to speak with a coach, please leave a voicemail and a coach will call you back.

How will I know when I can register?

Eligible crew members will be notified via email.

Are walkers eligible to register as early crew, since they have raised \$250+?

No. Our intention is to reward crew members who fundraise.

If I am not crewing next year, can I give my early registration to someone else?

No. Only the crew member who fundraised is eligible for early registration.
